## Fiscal Estimate Narratives

PSC 3/25/2013

LRB Number	13-1835/1	Introduction Number	AB-0083	Estimate Type	Original
<b>Description</b>					
Limiting the regulation of wind energy systems by local governments					

### Assumptions Used in Arriving at Fiscal Estimate

Under AB 83, political subdivisions would be allowed to impose restrictions on wind energy systems and these restrictions could be more restrictive than PSC rules, provided that the restriction satisfies one of the three conditions spelled out in the bill. Any Commission activity associated with the passage of this bill would be absorbed by current resources, including Commission consideration of any political subdivision wind-siting determinations. Fiscal effects on political subdivisions are indeterminate, depending on whether and to what extent a political subdivision imposes a restriction more restrictive than PSC rules.

### Long-Range Fiscal Implications
